J7000 SERIES BREAK CHECK

Industry-Leading Water Hammer Reduction and Water Loss Prevention

Designed for ease of installation and superior infrastructure protection, the Jones J7000 Break Check provides “install and forget” passive protection. When struck by a vehicle, the J7000 closes automatically and slowly over an extended period, up to 15 seconds, minimizing water hammer, property damage and water loss. The J7000 emits a mist of water providing notification an accident has occurred.
